SUMMARY

Full Stack Developer proficient in HTML, CSS, JavaScript, React.js, Node.js, and Next.js, with hands-on experience in building integrated web solutions and mobile applications. Passionate about creating seamless and secure user experiences through efficient data handling and dynamic interfaces. Looking to contribute to innovative and cutting-edge projects.

Technical Skills

language	Styling Tools	Frameworks & Libraries	Other Skills
- HTML/CSS - JavaScript - TypeScript - Python (Flask) - SQL	- SASS/SCSS - TailwindCSS - Bootstrap - Material UI	- React.js/Next.js - React-Query - Red Toolkit / Redux - Node.js - REST APIs - Axios	- Problem Solving - Debugging - XD/ Postman - Firebase - Git/GitHub

PROJECT EXPERIENCE

1- AI Course Generator

2024 - 2025

Technologies: (React, Next.js, Tailwind CSS, JavaScript, Axios, Stripe, Firebase, Clerk, Drizzle ORM, Framer Motion, Google Generative AI)

Description: A React-based platform for AI-powered course generation, featuring dynamic course creation, user dashboard, secure authentication, online payment, and export to PDF/Word.

- Responsive UI with Tailwind CSS
- Secure authentication via Clerk
- Online payments with Stripe
- AI-generated content using Google Generative AI
- CRUD operations for courses
- Export to PDF and Word

2- WEP Service Management System

Technologies:

Flask, Python, SQLite, Bootstrap, HTML/CSS, JavaScript, JWT

Description:

Arabic web app for service management with secure authentication.

Key Features: Role-based secure login, Real-time session tracking, Responsive Arabic UI, Admin dashboard

RESTful API, Multi-device support

Technical Highlights: Modular architecture, Secure password hashing, Efficient database management, Automatic session expiration.

EDUCATION

1- Bachelor's Degree in Information Technology | Al-Hekma University, Taiz, Yemen | 2021 – 2025

Overall Grade: Excellent – Relevant courses: Programming, Networking, Databases, Artificial Intelligence, Systems Analysis.

2- Advanced Diploma in English Language (Online)

Taiz University, Yemen |

2024 – Present

- Studying specialized modules in Academic Writing and Professional Communication
- Expected completion: December 2026

COURSES

Wireless Network Management (Mikrotik) ITC Training Center, Yemen	2023 - 2024
Diploma in Financial Accounting Eft Consulting and Training Platform, Yemen	2024 - 2025
Small and Medium Project Feasibility Study Development Course Ruad Foundation, Yemen	2023 - 2024
Advanced Excel Course Eft Consulting and Training Platform, Yemen	2024 - 2025
Computer Maintenance (Software) Sana'a University and Rehabilitation and Training Center, Yemen	2023 - 2024
Integrated Systems Course Pioneers Institute for Languages and Computer Training, Yemen	2024 - 2025
